GREETINGS ONE AND ALL - HAPPY NEW YEAR !

Due to the COVID influences on venue and staff availabilities and restrictions we are delaying our opening until a bit later in the spring which will fit better for everyone and hopefully provide better venue opportunities.

We are going to open with a GRANDE REUNION that will include a special segment honoring the recent loss of a very special person who certainly left his mark for quite a number of years. Fortunately he did not include a DNA specimen for future use. We will be including a number of our gone but not forgotten past members.

Per several requests, we will be setting our template favoring the DIXIELAND of our very beginnings filled with the ROLLICKING tunes of the FELLOWS CLUB lively past.

We will be contacting a number of past members and would ask you to do the same. We do look forward to a lively future full of clam diggers and terrible demonstrations of off the cuff performances by our in house raw talent.

Keep up with the recently updated www.fellowsclub1904.com website or email somebody via admin@fellowsclub1904.com.

HOPE TO SEE EVERYBODY SOON - Give Doc Fischl your melted ice cubes.
